# CLIMATE PROJECT – PLANNING SHEET

**Title:** To the Rescue IV

**Author:** Esther Buisan

**Age:** 8-10

**Content:**

We continue the project called "To the rescue"
We continue the project called "To the rescue". The forth video of our planet shows us the third challenge related with nature around us. We ask kids to bring a personal photo enjoying nature with friends or family. We reflect on the importance of taking care of the nature. We also adopt a penguin cooperating with the Antarctic Campaign of the Army to be aware of the impact that our actions have on nature.

Caring for nature helps fight climate change by protecting ecosystems that absorb carbon, regulate the climate, and support biodiversity, which is important for keeping ecosystems strong and reducing greenhouse gas emissions.

**Development goals:**

Be aware of the impact that our actions have on nature.
Raise awareness about the importance of taking care of our environment and animals.
Work cooperatively to obtain more points of view and ideas.

**Planning:**

1. Warm-up, we watch the video of the third challenge https://www.youtube.com/watch?v=UCM4q3iH84Q  (5 minutes)
2. They bring a personal photo enjoying nature.
3. Thinking routine: "I see, I think, I wonder" looking at the pictures. (15 minutes)
4. We reflect and hang the evidences on the wall. (visual thinking) (15 minutes)
5. We adopt a penguin cooperating with the Antarctic Campaign of the Army. We come up with a name for the penguin and we fill the information requested.(30 minutes).

**Resources:**

Video, Template for the thinking routine
Pencil/pen/markers
Space: Computer, projector, board, wi-fi

Media: https://www.youtube.com/watch?v=UCM4q3iH84Q

**Feedback:**

This activity makes us aware of the consequences of our actions, analyze them and act to improve our habits.
Kids are aware about the importance of taking care of our environment and our animals. Children show great enthusiasm in adopting a penguin and looking after it and its habitat.
